## Johnson's Island Getaway Takes a Holiday

*Island Christmas*: Book 3 in THE WILDFLOWER B&B Romance Releases

**WHITE SALMON, Wash., OCT. 1, 2015** — Book three in Kimberly Rose Johnson's *The Wildflower B&B Romance* series, *Island Christmas*, dares readers of sweet romance to take a chance on uncertain futures. Johnson brings her love for the outdoors and romance to the page for a third chapter on the enchanting Wildflower Island. Readers who have followed Johnson will love getting to know old characters more in-depth, while new readers will be refreshed at the sprinkled reminders that kindness and compassion exist even during the darkest times and most troubled pasts.

Rachael Narelli returns to Wildflower Island after three years studying the culinary arts. Now an accredited sous chef, Rachael sets out to build a life for herself and her son after the death of her husband. With the support of old friends and her new friend, Chris Campbell, she begins to sweep up the shattered pieces of her past into a more hopeful future. But when she finds out about Chris' condition, will that growing flame of attraction be extinguished by her fear of an uncertain future?

Johnson has written another winner that will reach into the hearts of older teens and adults alike. Included discussion questions makes this an excellent novel for book clubs or study groups as it deals with tough themes like love and acceptance through heart-wrenching grief and guilt. *Island Christmas* is sure to be thought-provoking as much as it is heart-warming--like a cup of tea next to a fire on a cold, holiday night.
